Brand New Book ***** Print on Demand *****.Excerpt from The Gospel According to St. Mark: In English and Cantonese In mankind inspiration produces infallibility of workmanship only to a greater degree than do other causes. A great twentieth century reformation is talking place in all walks of our life and if the Church wishes to remain an integral part of this life it too must seek reform. The writings of the Old Testament are not in accord with the truths which God and Nature allow us to behold. They will, therefore, never be accepted by man. Man is being blessed every day more and more and was never cursed as detailed by the myth of the Garden of Eden. Educated man has come to this belief and it is time that the above myth should be abolished from the Christian faith. The use of the personal form, as spirit or devil, for the bacteria of disease or distorted equilibria of the brain, the world does not employ to-day. Two thousand years have brought about great changes, as God wills, in the human race and parallel changes for the better should be made in the Bible and in religion. Nature works along the lines of least resistance and wherefore should she revoke all her acts and damn the highest form of life, mother and manhood, which she has placed within the world.
