Ticonderoga Publications, United States, 2013. Paperback. Book Condition: New. New ed.. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The Silurian Tales Volume 2 The final volume of a master work by one of the SF genre s greatest short story writers. The stories in Steven Utley s Silurian Tales have appeared in Asimov s, Analog, SciFiction, FSF, and Cosmos, and have been beguiling readers with glimpses of prehistoric life since the mid-1990s. These tales have been described by Brian Stableford in Science Fact and Science Fiction: An Encyclopedia as [t]he most elaborate reconstruction of a past era in recent speculative fiction. The series employs a variety of literary techniques in recounting the adventures and misadventures of a scientific expedition in the Paleozoic Era and also address some implications of the many-worlds hypothesis in quantum physics; several of the stories have been reprinted in Gardner Dozois Year s Best Science Fiction anthologies and the Year s Best SF edited by David G. Hartwell and Kathryn Cramer.
