Springer-Verlag New York Inc., United States, 2009. Hardback. Book Condition: New. 2009 ed.. 262 x 198 mm. Language: English . Brand New Book. Impairment and disability are widely used terms, yet considerable disagreement exists as to their relationship-especially when impairment means different things to different professionals in the fields of mental health, medicine, and education. Although diagnostic criteria for various disorders are clearly detailed in the DSM-IV and elsewhere, criteria for impairment remain elusive. And patients with severe limitations but minimal symptoms, or the reverse, further complicate the discussion. The first in-depth treatment of the theory, definition, and evaluation of this core concept, *Assessing Impairment: From Theory to Practice* cuts through the confusion and cross-talk. Leading scholars and clinicians offer a robust evidence base for a much-needed reconceptualization of impairment within the context of diagnosis and disability, arguing for a wide-ranging quality-of-life perspective. This contextual approach to assessment goes beyond mere symptom counting, resulting in more accurate diagnosis, targeted interventions, and improved patient functioning. Within this concise but comprehensive volume, coverage focuses on key areas including: \* Current conceptualizations from the DSM-IV and other medical models. \* Methodologies for measuring symptom severity and impairment. \* Social/behavioral issues, such as resilience,...
